SPE reserves the right to change this Privacy Policy at any time. Such changes, modifications, additions or deletions shall be effective immediately upon notice thereof, which may be given by means including, but not limited to posting the revised Policy on this page.

For the purpose of this document, "personal information" means information that may be used to identify an individual, including, but not limited to, a first and last name, physical or electronic mail address, and telephone number.

SPE will never knowingly or intentionally collect any personal information about children under the age of 13. If SPE obtains actual knowledge that it has collected personal information about a child under the age of 13, that information will be immediately deleted.

B. LOG, COOKIES AND WEB BUGS

The server running this website automatically gathers general information from all users. This includes the user's browser type, operating system, referring domain, entry page, exit page, the Internet Protocol (IP) address of the user's computer, time spent on a webpage, as well as the name of the user's ISP.

SPE uses cookies and web bugs to recognize returning visitor's computer. They are used to record previous choices or preferences and help us to develop statistics in order to improve the content of this website. Most Internet browsers allow you to delete cookies from your hard drive or to block them, or they tell you that they are there before they are finally recorded. You can obtain further information relating to these functions by using the 'Help' feature in your browsers. You can refuse to allow a Cookie to be installed. In this event, we are unable to guarantee that our on-line services will work properly. Web bugs cannot be removed because they are inserted in the code of the website, rather than being sent to a browser.
